B. Albatross Nominations:

- i. Tom Hart nominate Adrienne Frederick for illustrating the proper way to tow a laser back to the dock by swimming at last weekend's teaching day.
- ii. Adrienne Frederick nominated Chrys Mitchell for not clipping his rudder and tiller onto his laser. The rudder was lost to the depths of Lake MacBride when Chrys capsized and turtled at the mouth of the cove.
- iii. Matias Perret nominated Daniel Rogge for needlessly pushing a boat down an overgrown hill. Last weekend Rogge used his brilliant engineering skills to get boats to the beach by rolling the boats 200 m down an old overgrown path, which was blocked by a log and several saplings. After getting stuck several times, they finally made it to the beach, when there was a boat launch 100 ft. away.
- iv. Rogge won by applause.

Meeting adjourned at 7:55 pm.
